

ST SN210.CD940

TECHNICAL DATA

Specification Applied : ANSI C29.9.1971

<i>Characteristics</i>	<i>Rating</i>
1. Leakage distance (mm)	940
2. Mechanical Values:	
- Cantilever strength (lb)	2000
- Tensile strength (lb)	12000
- Torsional strength (in.lb)	10000
- Compression strength (lb)	15000
- Tension proof load (lb)	1750
3. Electrical values:	
- Critical impulse flashover, Positive(kV)	225
- Low-frequency wet withstand (kV)	80
- Impulse withstand (kV)	200
4. Weight (kg)	16
5. The enamel is light gray	
6. Identification marking
